BT-Headset B-Speech® Leto

User Manual

Short introduction in the wireless technology Bluetooth.

Bluetooth is a wireless communication technology with short range. It enables a wireless communication between devices with Bluetooth interfaces, such as mobile phones, Personal Digital Assistants (PDA), Desktops and Notebooks, input / output devices (mouse, keyboard, printer) and domestic appliances. Bluetooth complies with the world wide standards for radio operating in the ISM-Band (industrial, scientific and medical frequency band). Within the ISM-Band (2,4 GHz to 2.48 GHz) Bluetooth can jump 1,600 time per second between 79 different frequencies with a range up to 10 meters (Class II).

Bluetooth Headset B-Speech® Leto

Thank you for purchasing B-Speech® Leto. B-Speech® Leto is a earclip cordless headset with Bluetooth version 2.0 that enables comfortable handsfree communication with your Bluetooth enabled cell phone.

Function overview

Charge your Headset

Before using you must charge the the B-Speech® Leto for approximately two hours when fully charged the battery provides up to 6 hours of talk time and up to 200 hours of standby time.

1. Plug the charger into the the B-Speech® Leto.
When the headset is charging, the red LED will light
2. The red LED will turn off after 60% charging. This indicated User can use this headset. However, it needs to take two hours to fully charge the battery. Pull off the charger from the B-Speech® Leto after fully charged.

Pair Headset to Cell Phone:

Pairing is the process of linking the headset with your Bluetooth enabled cell phone. The pairing process only need to be done once for continuous usage. The the B-Speech® Leto can pairing with several cell phones, but only can use with the cell phone that last pairing. Before you pair the headset, ensure that the battery is fully charged.

Pair Process:

1. Press and hold the On/Off/Talk button for 15 seconds until the blue and red LED flash alternately. Release the buttons. The the B-Speech® Leto is now in pairirig Mode.
2. Initiate the device discovery feature on the cell phone and search for bluetooth device. Refer to the cell phone User guide for relevant instructions.
3. When prompted by the cell phone, enter the headset pin code 0000.
4. When pairing is complete, the blue LED on the the B-Speech® Leto will flash at three second intervals and the headset is now in standby mode, ready to make and receive call.

If disconnection or lost links occur, it may be due to the following reasons:

- The range over 20 feet between both headset and cell phone
- Cell phone disconnects the link in order to save power or for other purpose
- Either device is switched off

Cancel pairing Mode:

While in pairing mode, you can press and hold the TALK button for three seconds until both LED s turn off to cancel the pairing prccess.

Fit Headset to your ear

Headset is designed to fit comfortably in your ear. You can add the optional earhook to Ware more comfortably. You can ware the earhook either on left or right ear by adding the earhook in different directions.

Use the B-Speech® Leto after pairing

1. Turn on

Press and hold the Talk button until the blue light flashes. The headset is now in standby mode, ready to make and receive calls.

2. Turn off

In standby mode, press and hold the Talk button until blue light turns off. B-Speech® Leto turns off

To telephone

To call over the mobile phone

Dial the call from your cell phone. The call is auto connected to your headset

Take on a call

When your cell phone rings, press the TALK button on your headset. The call is automatically connected to your B-Speech® Leto.

Terminate a call

When finishing your call, press the TALK button on your headset. The call will be disconnected.

Voice dialling (dialling using a name)

1. Turn your B-Speech® Leto on and pair it with your mobile phone (if you have not done so already)
2. Press the Multifunction key for about 1 second until your hear a "DU" tone.

3. You can hear a short signal. Speak the name of the person you want to call.
4. Your phone now dials the corresponding phone number.

Note: For you to use voice dialling through the headphone, your mobile phone must support this feature and appropriate voice samples must have been stored.

Redial

Press on the volume + key for about 2 seconds while your B-Speech® Leto is on standby (no conversation running) until you hear a Du-Du-Du-Du- tone. Your mobile phone will dial the last called number again.

Adjust the Volume

Press the VOLUME + and - button to adjust volume.

Safety references:

Please read the operating instructions carefully, before using your Headset.

- Do not dismantle your headphone.
- Protect your headphone from dirt and dust.
- Avoid exposing your headphone to high temperatures.
- Switch your headphone off in aeroplanes and petrol stations.
- Keep your headphone out of reach of children. Small pieces of the headphone could work loose and be swallowed.

Warranty and parts replacement

Dear customer,

Our products are subject to a strict quality control. However, should you have problems, please contact your seller. You

will then be helped rapidly.

Please note :

- The warranty is limited to the original purchaser.
- A copy of your receipt or other proof of purchase is required. Without proof of purchase, your warranty is defined as beginning on the date of manufacture as labeled on the products.
- The warranty is void if the serial number, date code label or product label is removed, or if the product has been subject to physical abuse, improper installation, modification, or repair by unauthorized third parties.
- The responsibility for our products is limited to the repair or replacement of the product at our discretion.
- All warranty on our products is limited to two years from the date of purchase.
- Specifically exempt from any warranty are limited-life consumable components subject to normal wear and tear, such as microphone, decorative finishes, batteries, and other accessories.
- We are not liable for any incidental or consequential damages arising from the use or misuse of any our products.
- This warranty gives you specific rights but you may have other rights depending on your location.

- Unless otherwise instructed in the user guide, the user may not, under any circumstances, attempt to perform service, adjustments or repairs on this unit, whether in or out of warranty. It must be returned to the sales outlet, factory or authorized service agency for all such work.
- We do not assume any responsibility for any loss or damage incurred during shipping. Any repair work on our products by unauthorized third parties nullifies any warranty.
